About This Content

The Kingdom Wars 2 soundtrack features thirty tracks of epic fantasy music by composer Joel Steudler. The struggle of men, elves, and orcs to save a world from bloodthirsty gods is reflected in diverse instrumentation and thematic melodies. Rustic bagpipes and noble horns signal humankind's plight and mark its resolve in the great battles. The elves' mysticism and might is brought forth with ethereal flutes, angelic voices, and eerie steel drums. Rougher rhythms and pounding percussion sum up the spirit of the orcs. Only together can they prevent the destruction of all that is known. Follow the story through the music!

English

But before the battle would commence, the Confederacy had to set up and fortify their base, and The Risen would not make it easy. Thousands of those who had Risen after previous battles in months past, walked the land between Dagbor and the Confederate positions.

Lovely music, but sadly costs 4 bucks. I'd rather listen to it on Spotify or youtube, to be honest.
